Pekanbaru, Riau

A sixth-semester Informatics Engineering student passionate about Front-End Mobile Development. Experienced in building mobile applications through academic projects and active in campus organizations. Seeking an internship opportunity to further develop technical skills and contribute to real-world projects.

Education

Universitas Islam Riau - Pekanbaru, Riau   Sep 2022 - Jun 2026 (Expected)
Undergraduate in Informatics Engineering, 3.22/4.00

SMA Muhammadiyah 1 Pekanbaru - Pekanbaru, Indonesia   Feb 2018 - Jun 2021
Senior High School in Science Program.

Project Experience

DishOnClick (Online Food and Drink Ordering - Front-End Only)
- Developed a React Native mobile application for food ordering with a focus on UI/UX.
- Implemented state management with React Hooks for dynamic user interactions.
- Designed a responsive interface ensuring smooth navigation across devices.
- Learned to integrate API handling, although the backend is currently a simulation.

CRUD App
- Developed a React Native mobile application with full CRUD (Create, Read, Update, Delete) functionality.
- Implemented Fetch API for data handling, utilizing a Fake API as a backend simulation.
- Applied state management techniques to enhance app interactivity and responsiveness.
- Designed a clean and user-friendly UI for efficient user interactions.

Organizational Experience

IQ PRIMATECH - Pekanbaru, Riau   Sep 2024 - Present
MEDIA STAFF.
IQ PRIMATECH is a study club in Informatics Engineering that focuses on literacy, media, and public relations. It offers various classes, including Web Development, Cyber Security, and UI/UX.
- Designed and published social media content for Web Development classes, increasing community engagement by 20%.
- Assisted in organizing workshops and training related to Web Development, UI/UX, and Cyber Security, attended by over 50 participants.

Technical Skills and Portfolio

- **Front-End Development**: HTML (Advanced), CSS (Advanced), JavaScript (Intermediate), React Native (Intermediate), Bootstrap (Intermediate).
- **Tools and Platforms** ⊘: Git, GitHub, VS Code.
- **Portfolio** ⊘: A digital portfolio showcasing my projects, skills, and experiences.
- **Soft Skills**: Problem Solving, Teamwork, Time Management, Public Speaking.
- **Language**: Indonesia (Native), English (Intermediate)
- **Project** ⊘: A React Native-based mobile application for online food and beverage ordering, focusing on responsive UI/UX and the use of React Hooks for dynamic interactions. The backend is still a simulation.
- **Project** ⊘: React Native-based mobile application with CRUD (Create, Read, Update, Delete) features using Fetch API and Fake API as a simulation backend. Designed with simple and interactive UI.
